

Club Growth Director Report

May 2020

Wow has COVID 19 caused some speed bumps. We have 2 clubs that are in the middle of chartering. When these corporations get back to together, I see us moving forward. We have at least 4 others that when employees come back want more information. We currently have 15 club coaches serving 12 clubs. One of those coaches has already brought her club to distinguished or better.

Incentives: We had our talk it up Toastmaster incentive in which the following clubs earned it. Ahead of the Curve, Lion's Roar, Pro Toastmasters, Southern Hills, Summerlin Toasters, Holistic, and Cause Masters, We are currently running the Toastmasters membership drive "Beat the Clock" It ends June 30, 2020. In addition to that we are also holding an open house incentive which ends May 31, 2020. Three clubs that have already achieved this open house incentive are Nubian Voices, Bachelors and Bachelorettes and Saturday Morning Live. Please remember to email me your branded flyer and 2 pictures and to fill out the incentive form on d115tm.org/incentive so that you can receive your TI bucks.

As of May 14, 2020 we have 58 clubs in good standing. Our membership numbers are 2,223. A thought that I have is to send each president and vice-president of membership a script that they can use to contact previous members. There are many clubs that are just that close to achieving their goals. Let's continue to work hard to share Toastmasters with those in our district. As Jesse Oakley says "It ain't June 30th yet?"
